Web-Based  
Program

## Accelerate Students' Reading Achievement

Deliver measurable results for struggling and developing readers of all ages. Read Live provides complete access to four powerful instructional programs in a simple and effective format for one low price.

### Four Programs, One Web-Based Platform, One Low Price!

#### Read Naturally Live

Build fluency and phonics, strengthen comprehension, and expand vocabulary.

#### One Minute Reader Live

Supplement the development of literacy skills with guided, independent reading.

#### Read Naturally Live—Español

Develop the Spanish literacy skills of multilingual learners.

#### Word Warm-Ups Live

Develop mastery and automaticity in phonics, decoding, and syllable patterns.

## Read Naturally® *Encore II*

More info on page 7.

Reproducible  
Masters with Audio

## Individualized, Print-Based Intervention

Accelerate reading achievement with this powerful program that uses printed materials and audio CDs. Students develop fluency, phonics, comprehension, and vocabulary.

### Curriculum Options:

Sequenced (core intervention), Phonics, and Idioms series.

### **Explicit Phonics Instruction for Small Groups**

Small-group, direct instruction to teach phonemic awareness, phonics, high-frequency words, and fluency.

pg. 9

### **Assess Students' Phonics Skills with Ease**

Targeted phonics assessments to quickly identify students' strengths and instructional needs in phonics. Developed by Dr. Jan Hasbrouck.

10

### **Build Automaticity in Phonics and Decoding**

Builds mastery and automaticity in phonics with explicit and systematic instruction.

pg. 11

### **Boost Vocabulary & Word-Learning Strategies**

Teaches individuals or small groups the meaning of high-utility words in context and helps them develop lifelong strategies for learning new words.

pg. 12

### **Make Strides with Systematic Spelling**

Improves spelling skills by teaching regular phonetic patterns and high-frequency words to individuals or small groups.

pg. 12

### **Gamify Word Learning**

Develops vocabulary through four engaging activities that feature synonym, antonym, and word-in-context questions.

pg. 13

### **Master Phonemic Awareness**

Teaches phonological and phonemic awareness to small groups of students with scripted curriculum and interactive exercises.

pg. 13

# Read Live

Deliver measurable results for struggling and developing readers of all ages. Read Live provides complete access to four highly effective instructional programs in one web-based platform for one low price.

### **Read Naturally Live**

Build fluency and phonics, strengthen comprehension, and expand vocabulary.

### **Word Warm-Ups Live**

Develop mastery and automaticity in phonics, decoding, and syllable patterns.

### **Read Naturally Live—Español**

Develop the Spanish literacy skills of multilingual learners.

### **One Minute Reader Live**

Supplement the development of literacy skills with guided, independent reading.

**All four programs included in one Read Live subscription!**

## **Read Live...**

- Enables differentiation for students of all ages and instructional levels.
- Delivers extensive reports with actionable data for making instructional decisions.
- Has built-in progress monitoring without a need for additional testing.
- Features interesting informational text for nonfiction reading opportunities.
- Provides intensive reading intervention, often used for RTI or MTSS implementations.
- Includes direct phonics instruction.

## **Students...**

- Work mostly independently with extensive audio support.
- Experience rapid reading growth and develop confidence as learners.
- Take ownership of their success and are accountable for their work.

**See pg. 6 for pricing info.**

Improve fluency and phonics skills while supporting vocabulary and comprehension development

**Included in Read Live subscription.**

Our flagship reading intervention program, Read Naturally Live, combines an intrinsically motivating system with the best evidence-based practices to accelerate student progress. Read Naturally Live addresses phonics, vocabulary, phonemic awareness, fluency, and comprehension.

“ I have seen students that were basically non-readers blossom into avid readers using this program.

— Anita, Classroom Teacher

Help multilingual learners develop Spanish literacy skills and fluency

**Included in Read Live subscription.**

Read Naturally Live—Español is a Spanish-language version of Read Naturally Live. Spanish-speaking students can use the program before or while learning to read in English, or native English speakers can use this program to learn to read Spanish text fluently.

“ Read Naturally is an amazing tool. I have used it as a bridge to literacy for both homeless children with limited education and with adult English Language Learners. It meets the students where they are at and provides all the tools we need for success.

— Kathy, Educator

Build mastery and automaticity in phonics and decoding

**Included in Read Live subscription.**

Word Warm-ups Live uses explicit, systematic phonics instruction to teach students to decode and encode words. Audio-supported lessons with guided practice provide individualized instruction and enable students to work independently.

“ I use this program as a small-group intervention. I use it with second and third graders and they love it. Their accuracy has drastically improved as well as their confidence.

— Lisa, Classroom Teacher

Transform independent reading time into an exciting, guided reading experience

**Included in Read Live subscription.**

One Minute Reader Live delivers measurable results while engaging students with interesting passages, motivating graphs, fun joke jumbles, and crossword puzzles. Students develop fluency, comprehension, and vocabulary skills, all while building confidence as learners.

“ My students love One Minute Reader Live! They stay on task and are making remarkable progress on fluency and comprehension!

— Leanna, Classroom Teacher

# Read Live Subscription Pricing

As low as \$19 per student!

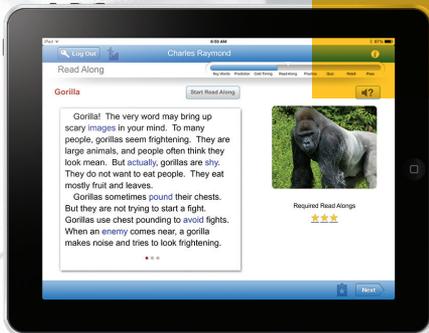

Access all four programs with each subscription. Free, self-guided training options are available for as many teachers as you want!

For details, visit [readnaturally.com/readlive](http://readnaturally.com/readlive)

## FREE Read Live Online Courses

These self-paced training options help educators thoroughly understand how to implement Read Live in their classrooms with fidelity. Sample topics include:

- Planning and setting up.
- Assessing/placing students.
- Implementing the steps.
- Checking initial placement.
- Monitoring and troubleshooting student performance.

**Perfect for in-person,  
at-home, or blended learning!**

All students need is an internet connection and a device to access the program. A Read Live subscription or trial account is required.

# Read Naturally® *Encore II* Masters Edition

“This is an incredible reading program. Students make huge gains in their reading fluency and comprehension, and they get so excited about each story and what they learn.”

— Kathleen, Special Education Teacher

Read Naturally Encore II is a research-based, time-tested intervention that accelerates reading achievement by using the Read Naturally Strategy in a print/CD format. Students develop fluency, phonics, vocabulary, and comprehension skills while reading leveled, high-interest, nonfiction stories.

## Encore II provides...

- Intensive reading intervention, often used for RTI or MTSS implementations.
- Differentiated instruction for a wide range of readers from elementary to adult learners.
- Feedback to students and teachers through graphs of individual progress.
- Nonfiction reading opportunities as required by state standards.

# Four Encore II Series to Choose From

## Sequenced

This series of content builds fluency while supporting comprehension and vocabulary development, as students work through a sequence of leveled materials.

## Phonics

This series provides systematic phonics instruction in addition to building fluency, comprehension, and vocabulary. Each passage includes a phonics lesson and many words with the featured phonics pattern(s).

## Encore II—Español

This series is a Spanish-language version of the Sequenced series. This series may be used with Spanish-speaking students or to help native English speakers learn to read Spanish text fluently as an additional language.

## Idioms

The Idioms series is ideal for multilingual learners. This series introduces common American idioms within fun, interesting stories and audio-supported questions that emphasize vocabulary acquisition.

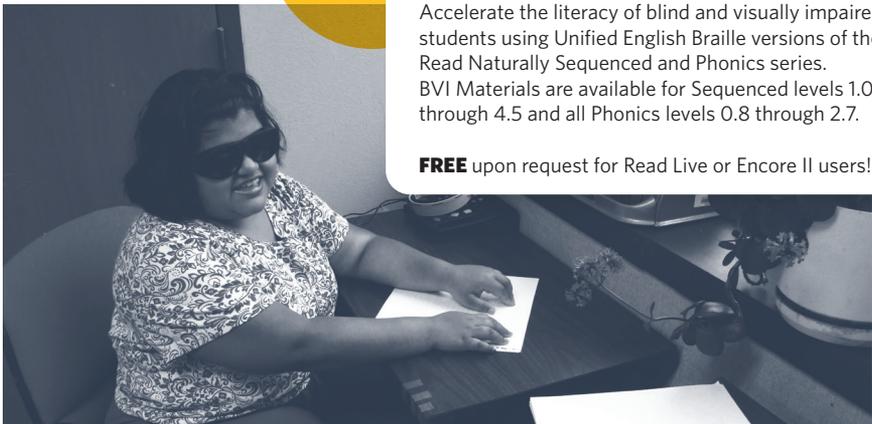

**\$199/Level**

## Resources for the Blind and Visually Impaired

Accelerate the literacy of blind and visually impaired students using Unified English Braille versions of the Read Naturally Sequenced and Phonics series.

BVI Materials are available for Sequenced levels 1.0 through 4.5 and all Phonics levels 0.8 through 2.7.

**FREE** upon request for Read Live or Encore II users!

Email [customerservice@readnaturally.com](mailto:customerservice@readnaturally.com)

“GATE has had a positive impact on several of our students, and we have only been using it for a few months. It’s a great addition to our Tier II supports!

— Kristin, Classroom Teacher

## Provide explicit, systematic phonics instruction to small groups of students

This program is entirely scripted, so teachers can simply open the flipbook and read aloud to deliver high-quality, research-based phonics lessons. Students master their phonics skills with motivating activities.

### Students...

- Develop phonemic awareness by segmenting and blending sounds in words.
- Strengthen proficiency with letter sounds.
- Learn to decode and encode short, phonetically regular words.
- Build an understanding of phonics patterns.
- Learn to read high-frequency words with automaticity.
- Build fluency using word lists and stories.
- Develop comprehension through writing activities and quiz questions about each story.

**\$175/Level**

# QPS

Quick Phonics Screener

**THIRD EDITION**

## **Add Dr. Jan Hasbrouck's Quick Phonics Screener (QPS) to your reading assessment toolkit.**

The third edition of this proven diagnostic phonics assessment includes the new Quick Spelling Survey (QSS)—a time-saving spelling assessment you can administer to a small group or whole class.

Use QSS results to determine which students may need a one-to-one QPS assessment. QPS and QSS identify each student's strengths and instructional needs in phonics.

QPS provides...

- Three forms for fall, winter, and spring assessments.
- Convenient QPS and QSS summary score sheets.
- Student scoring examples to help you interpret results.

**\$99/Level**

Literacy Expert  
**Dr. Jan Hasbrouck**

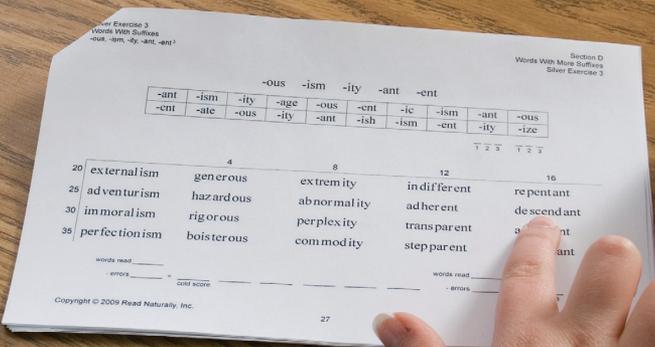

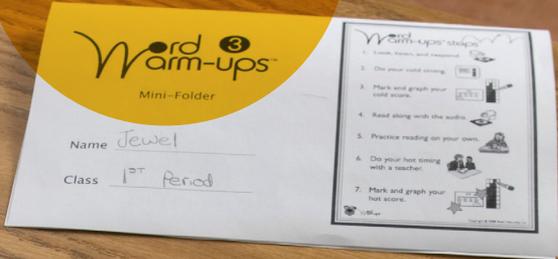

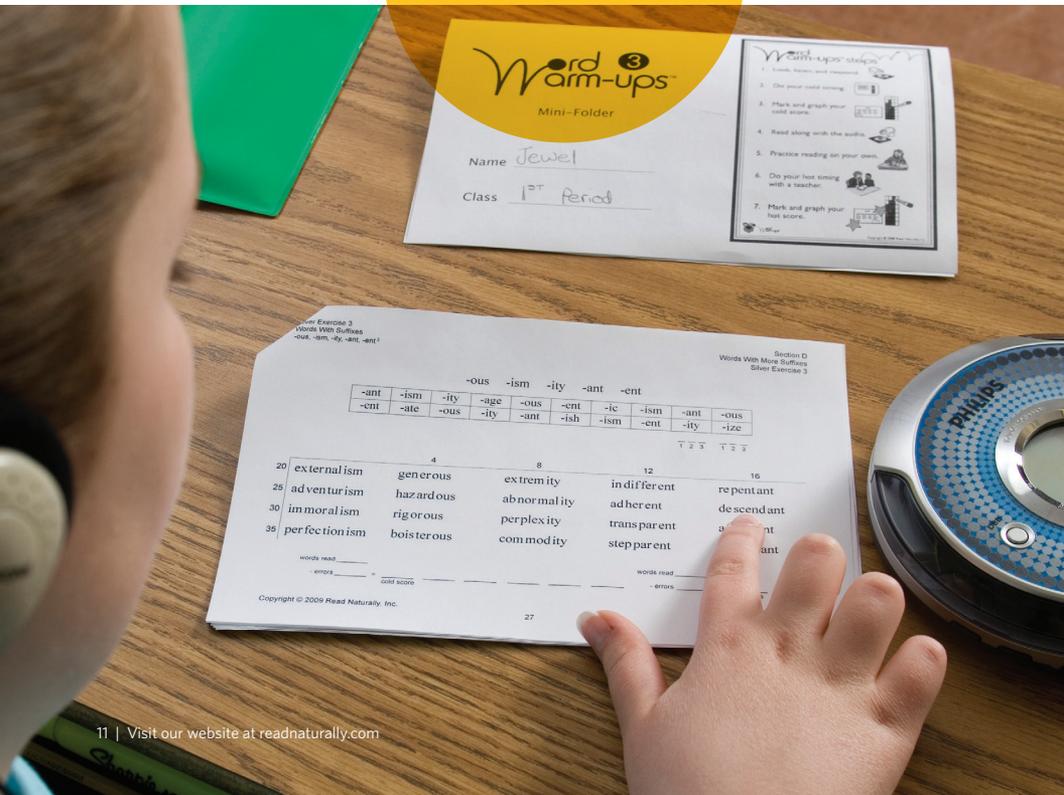

## Explicit, systematic phonics and decoding instruction

Build mastery and automaticity in phonics and decoding using research-based Word Warm-ups. This systematic and explicit phonics program teaches students to decode and encode one-, two-, and three-syllable words with ease. Audio-supported lessons allow for individualization and enable students to work independently.

**\$169/Level**

**To download word warm-ups samples:**  
 Visit [readnaturally.com/wwsamp](http://readnaturally.com/wwsamp)

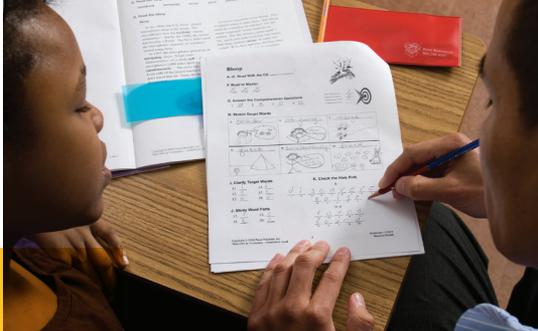

## Actively engage students in vocabulary development with Take Aim!

Students read high-interest passages, answer comprehension questions, and work on research-based activities to learn the meaning of high-utility words and develop lifelong vocabulary acquisition strategies.

### To download Take Aim! at Vocabulary samples:

Visit [www.readnaturally.com/tasamp](http://www.readnaturally.com/tasamp)

### Reproducible Masters with Audio

Two formats to choose from:

#### Semi-Independent Format

Each student works mostly independently at their own pace. Each student works in a unit appropriate for their individual instructional needs.

**\$269/Level** (12 units)

#### Teacher-Led, Small-Group Format

Teacher presents lessons to groups of up to six students working in the same unit.

**\$995/Entire Level** (12 units; 6 copies)

**\$299/Mini-Level Set** (3 units; 6 copies)

## Enjoy a classroom of competent spellers with Signs for Sounds

This research-based, systematic spelling program builds proficiency in spelling decodable as well as irregular high-frequency words while reinforcing phonics skills.

Two Levels Available:

#### Level 1

Teaches spelling using common letter sounds, distinguishing short and long vowels (with silent e), consonant blends and digraphs, and more.

#### Level 2

Reviews the skills taught in Level 1 at a faster pace and then explores advanced skills at the second- and third-grade levels.

**\$89/Level**

### To download Signs for Sounds samples:

Visit [readnaturally.com/sfs](http://readnaturally.com/sfs)

**\$4.99**

Build vocabulary with this iPad app that makes learning words FUN!

Students develop vocabulary skills with this independent-practice game that includes over 7,000 synonym questions, 1,000 antonym questions, and 600 meaning-from-context questions. The Lightning Round provides an exciting review. They won't want to put this app down, and neither will you!

*funemics*<sup>®</sup> **\$185**

Teach the foundational skill of phonemic awareness to small groups of pre-readers or struggling readers!

Students gain awareness of words, syllables, rhyming, phonemes, and phoneme manipulation using a research-based, scripted curriculum with interactive exercises on pages that can be displayed on an iPad or Mac computer. Includes a printed teacher's manual, six printed lesson guides, and six interactive books.

READING FLUENCY  
**Progress  
Monitor**

Quickly assess oral reading fluency!

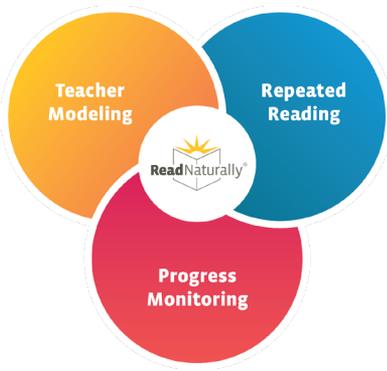

The Reading Fluency Progress Monitor (RFPM) tracks individual student progress in reading. The 30 fiction and nonfiction passages for each grade level have strong validity and reliability.

RFPM provides...

- Multiple field-tested passages of equivalent difficulty for grade levels 1-8.
- A tool for frequent assessment required by RTI or MTSS.
- Reproducible forms to record and graph student performance over time.

**\$49/Level**
