Rostering and Single Sign-On Steps: Classlink

Read Naturally has partnered with Classlink to provide a combined Rostering and Single Sign-On solution.

☐ **Enable ClassLink Rostering and SSO**

1. Log in to the Staff Member Module as an Account Administrator.
2. From the Home page, choose **Student Administration**.
3. Choose the **Single Sign-On Setup** tile.
4. Choose **ClassLink**.
5. This page is configured by the Read Live Administrator and the ClassLink Administrator, where the SFTP site is setup for secure transfer of the OneRoster data on a nightly schedule.

   Note: ClassLink Rostering and SSO require that the number of students in the roster cannot exceed the number of Read Live licenses purchased.

   If you have questions, call 800-788-4085, option 3.
